1L of a Ride essentially answers the questions, "What's the first year of law school really like and how can I make the most of it?" Following a chronological road trip metaphor, it tells new students what to expect, when to expect it, and how to respond to it. No other law school prep book takes this approach. The book addresses each aspect of academic success, including the top five habits of successful law students, effective class participation, how to interact with professors, case-briefing, note-taking, outlining, exam preparation, and essay and multiple-choice exam strategies. Several law school prep books include substantial content about the law (e.g., explanations of court systems, roles of judges and juries, legal theory, etc.) 1L of a Ride is all about law school. Instead of a chapter on types of courts, for example, it has a chapter on "Twenty Law Student Types."
